ACARA Day at Holy Name

Understanding Reporting within the new Australian Curriculum

Teachers from St Monica’s Primary, St Joseph’s Primary School, and Holy Name Primary all attended the Australian Curriculum professional development in service day on April 16th at Holy Name. The staff after a ten week term responded very well to the new information about the Australian Curriculum with particular interest in the area of reporting. The focus of the day was on reporting in English and Mathematics. Many thanks to the team from the Faith Education and Curriculum team, especially our presenter, Mrs Judy Barbe.
