Happenings Around the School

Throughout the holidays, there were a number of projects completed. In Year 2, a new interactive white board was put in. This was made available by the generous donation of the P&F. A new shade cover was erected over the holidays. The students in Prep and Year one now enjoy the safety of a shade cover over their sand pit area. This was made available due to the successful Grant in which Melita Hohn secured in term 1. Garden edging was also completed near the playground equipment. Stay tuned for more happenings around the school.
