Celebrating birthdays in Prep!

Birthdays are a very special time in every person’s life and it is especially a very exciting time to celebrate your birthday for the first time at school! In Prep, we love celebrating birthdays and we celebrate with a birthday liturgy. The birthday person is invited to sit in the middle of a circle wearing a special birthday hat. We say some prayers for our special birthday person and sing some songs about how special they are. Whilst the birthday person is in the middle of the circle we all say something nice about them and sing them a very big, cheerful Happy Birthday! Children are invited to bring in a special treat, usually some cupcakes, to share with their classmates.
