**Mother’s Day Celebrations**

We all know how special our mothers, aunties, grandmothers and all significant females are in our lives so that is why it is so important we celebrate them on this special occasion. We celebrate by having a whole school liturgy as well as inviting our mums and loved ones back to our Prep classroom for a Pampering Session! This session is so much fun as we get to make our mums more beautiful than they already are. We love having our mums in our classroom.
